Communication Skills, Leadership

# Shubham Bhargaw

## Full Stack Developer

Results-driven working professional with more than 5 years of experience in automation engineering and maintenance. Demonstrated expertise in Frontend and Backend. Proven track record of successfully implementing automation solutions and optimizing processes. I am committed to delivering exceptional user experiences. Let's build the future together with cutting-edge technology.

## Experience

○ **Sep 2022 - April 2023**

DNH Spinners Pvt.Ltd. | Surangi, Dadra and Nagar Haveli

**Instrumentation Engineer**

- Managed instrumentation and control systems, ensuring their reliability and performance in a high-demand manufacturing environment.
- Led troubleshooting efforts, swiftly identifying and resolving instrumentation issues to maintain operational efficiency.

○ **Aug 2020 - Aug 2022**

Alok Industries Limited | Silvassa, Dadra and Nagar Haveli

**Automation Engineer**

- Implemented cutting-edge automation solutions for warehouse operations, utilizing Kuka robots and optimizing material handling processes.
- Led a team of engineers and technicians in developing and maintaining automation systems, ensuring smooth operations and minimizing downtime.
- Contributed to the successful deployment of automated quality control measures, resulting in improved product consistency and reduced defects

○ **Nov 2018 - Aug 2020**

Sanathan Textiles Limited | Surangi, Dadra and Nagar Haveli

**Jr. Automation Engineer**

- Spearheaded automation projects, leveraging Kuka robots and implementing advanced warehouse management systems.
- Collaborated with cross-functional teams to identify automation opportunities and streamline operations

○ **Sep 2017 - Oct 2018**

PNP Polytex Pvt.Ltd | Bhilad, Gujarat

**Graduate Engineer Trainee**

- Responsible for maintenance and operations of the final by-products machines.
- Optimized production processes, maintained spares, and conducted erection and commissioning of the plant.

## Projects

### E-Commerce Website

Developed a responsive e-commerce platform where users can browse and purchase a wide range of products. Responsible for integrating user authentication, payment gateways, and optimized performance for seamless user experience.

**Features** Users can browse and purchase a wide range of products on the scalable and responsive e-commerce platform.

**Tech Stack**

- HTML
- CSS
- Javascript
- JSON Server

### CRM System

I Collaborated in the development of a comprehensive CRM system using React, Redux, and Chakra UI. As part of the project, I created a dashboard with graphs for various categories, along with login, signup, sidebar, and top bar functionalities to enhance user experience and ensure data security.

**Features** All clients and employees data can be managed and graphical representation of data can also be seen to improve the overall efficiency

**Tech Stack**

- HTML, CSS
- Javascript
- React.js
- Redux
- Json server
